KELLY GARDENS
Spokane, Wash.

This new Year Book, our silent salesman, comes to you offering at growers' prices, the stock of one of the largest plant producing establishments in the Northwest—offering something for every garden, everything for some gardens. Years of experience in packing plants has resulted in methods enabling us to guarantee thier safe arrival, and in the years of our business career our products have found their way into every N. W. state. For over 36 years we have been in the plant business in eastern Wash, and the business today is under the direct control of the founder. Our guarantee is an asset with us and a safeguard to you, giving absolute security to mail order buyers. We promise you as the stock as can be grown, a large assortment and good service and we believe therefore, that this catalogue, which we hope will be found pleasing and helpful, is entitled to the consideration of all buyers.

HOW WE PACK

No firm in the country packs lighter or more securely than we; we have this department down to a science; we promise liberal count and careful labeling; our plants do not shift in box.

TERMS

Our terms are cash with order. Stock will be shipped C. O. D. if one-half of amount is remitted at once. Money may be sent at our risk by Post Office Order, Express Money Order, Bank Draft, Money in Registered Letter. We will be responsible for the safe carriage of money sent us by any of these ways, and, if lost, we will give full value. Stamps accepted for amounts less than $1.00.

SATISFACTION PROMISED

In filling your orders we shall do our very best to make every shipment satisfactory and profitable to you; in any case where we fail to do this, please report to us within five days (not after a while) for adjustment.

NON-WARRANTY

While we hold ourselves in readiness, on proper proof, to replace free of charge all stock that may prove untrue to label, or refund the amount paid, we give no warranty expressed or implied as to description, quality, productivity or any other matter of any stock, seeds, bulbs or plants we sell.

30c

**KELLY'S EARLIANA** is the best tomato for the Northwest. We have tested everything of promise to date. Kelly's Earliana is from selected fruit matured in the cool north.

**DWARF CHAMPION or TREE**

A strong sturdy plant that produces solid and handsome fruit. Its quality is unequalled. It is later than our Earliana.

**BONNY BEST** Later than the Earliana. Attractive color, globular and solid. This plant is used almost exclusively for forcing in hot houses. We can supply plants in January.

Our Tomato plants are not just ordinary plants. We begin by carefully producing our own seed in our own fields. Careful selection of fruit for seed purposes only has resulted to a very marked degree, earliness, shipping qualities and increased production. Our methods of propagation, due to 35 years of persistent application and with our modern equipment and facilities has rendered a service for greater quality production, unequalled by any propagators anywhere.

**PEPPERS**

Set May 15th. to July 1st. Sandy and gravelly soils are well adapted to this plant. Set in rows 12 to 15 in. apart in rows 2x3 ft. apart.

**33 RUBY KING,** a standard sweet variety, can be eaten raw like an apple.

**34 PIMENTO PEPPERS,** a delicious sweet flavored salad and stuffing pepper, include this in your order.

**36 TOMATO, RED PEPPER,** Hot pungent, ripens anywhere in the latitude. Just the variety to give "Zest" to Pickles and other foods. When dried will retain their flavor for years.

**38 CHINESE GIANT,** The largest, sweetest pepper in cultivation. Bellinose type, excellent for Mangoes.

BUY YOUR TOMATO PLANTS IN FLATS OR INDIVIDUAL.
KELLY'S CABBAGE

5—EARLY JERSEY WAKEFIELD—The heads are uniformly hard and solid, they are cone shaped, with but few outside leaves; the heart is solid and well blanched. Transplanted, postpaid, doz., 25c; 50, 75c; 100, $1.00. Not transplanted, postpaid, 1000, $7.00. Not transplanted, postpaid, doz., 15c; 50, 50c; 100, 75c; not pre-paid, 1000 $5.00.

6—CABAGE, FIELD GROWN—Yield grown plants of all cabbage varieties, uniformly at June 15 and later. Prepaid, doz. 10c; 50, 55c; 100, 65c; not pre-paid, 1000 $3.59.

4—BRUSSELS SPROUTS—A very palatable cabbage vegetable. Very easily grown and profitable for the market gardener. Postpaid, doz. 15c; 50, 50c; 100, 75c; not pre-paid, 1000 $5.00.

7—COPENHAGEN MARKET—A new introduction from Denmark. It belongs to the second early class. It is a vigorous grower and yields as are all cabbages from Denmark, and an excellent keeper. Prepaid, doz. 25c; 50, 75c; 100, $1.00; not pre-paid, 1000, $5.00.

9—CABBAGE, BED, FOR PICKLING—Prepaid doz. 15c; 50, 50c; 100, 75c; 1000, 85c.

381—PE TSII OR CELEB CABBAGE—An easily grown vegetable from China. Set plants same as cabbage. Delicious food. Served in any way that you would Cabbage, cauliflower or Asparagus. Post-paid, doz. 25c; 50, 50c; 1000, 85c.

CELER

CELERY CULTURE ON REQUEST

14—GOLDEN SELF-BLANCING—The money making celery. It is dwarf to half dwarf, growing 12 to 20 inches in height, wonderfully stocky, very heavy, perfectly solid, of delicate flavor and a very good keeper, ready for the table or market in 110 days.

15—PERFECTED WHITE PLUME—This is a magnificent celery and most easily grown; its clear whiteness makes it an ornament to the table, and its quality near perfect.

16—EASY BLANCHING—It is a rapid grower, does not require the exacting conditions of the Golden Self-Blanching. It bleaches to a beautiful white yellow and the best quality.

TRANSPLANTED—PRICES OF ALL CELERY PLANTS—Prepaid, doz., 25c; 50, 65c; 100, $1.00. Not pre-paid, 500, $2.50; 1000, $5.00.

NOT TRANSPLANTED—Prepaid, 500, $2.50; 1000, $5.00.

BUY YOUR CABBAGE AND CAULIFLOWER PLANTS FROM THE GROWER
ASPARAGUS
A crop that is never overproduced.
Cultural Directions on request.
The grower finds this vegetable about the
first one that always finds ready sale
at profitable prices, and the earliest in-
come of his "out-in-the-open" crops. In
addition it is an easily harvested and pre-
pared for market that indeed it is a most
acceptable crop. No garden, whether it
be for the market or the home, is really
complete without a bed of good green.

2—PALMETTO—The best acquisition to
our comparatively few varieties.

3—ARGENTUEIL—This comparatively
new variety is becoming very popular.

371—WASHINGTON—Pedigreed. The
new rust resistant variety. Our strain
from the Department of Agriculture of the
U. S. tested seeds.

Not Prepaid.

PRICES: Asparagus Roots—All varieties.
1 year: Doz. 25c; 50c, 75c; 100, $1.00; 1000, $6.00.
2 year: Doz. 40c; 50c, 85c; 100, $1.50; 1000, $10.00.
3 year: Doz. 50c, $1.00; 50, $1.50; 100, $2.25; 1000, $15.00.
(Not prepaid.)

SEED POTATOES grown here in the cool north are very vigorous and where careful attention is directed to roguing and selecting with proper safeguards of spraying and treating, our northern grown seed responds by greatly increased yields.

105—Early Ohio—It is a special favorite with the marketmen and the most profitable they can grow as an extra early. Postpaid, 5 lbs., 75c. Not prepaid, 25 lbs., $1.25; 100 lbs., $3.50.

107—Carmen No. 2—A good main crop variety, white skin and flesh. Late keeper, will produce a fair crop in light soil. Postpaid, 5 lbs., $1.00; 100 lbs., $3.00.

SWEET POTATO PLANTS AND SEED

We deliver to carriers in first-class condition, but under no circumstances will we guarantee safe delivery. We have many customers who are producing their own Sweet Potatoes from the Kelly plants.

Culture—A warm, sandy loam is the ideal soil and should be reasonably well supplied with humus. Location should have southerly exposure.

44—Sweet Potato Plants (Kelly's Iowa Hall) — If Sweet Potatoes can be grown you will succeed with these plants. Price of plants, postpaid. Doz., 30c; 50, $1.00; 100, $1.50. Not prepaid, 500, $4.50; 1000, $8.00. Write for prices on seed sweet potatoes.

HORSE RADISH

Culture—Plant sets, sloping cut end down, top of set one inch below surface. One foot apart in the row and rows 2½ to 3 feet, or set 20 inches apart each way.

23—Hungarian—One of the most profitable of garden crops. Smooth, nice roots always sell on any market. Prepaid, Doz., 30c; 50, $1.00; 100, $1.50; 1000, $10.00.

CHICORY

17—Chicory—Witloof or French Endive. This variety is grown for witloof, used as a salad, both raw and cooked. Set the roots in a trench, cover with soil 3 to 6 inches and when the tops appear cut off an inch or so from the crown. This blanched witloof is an epicurean delicacy. Roots. Not prepaid, Doz., 50c; 100, $2.25.

SWEET AND IRISH POTATOES

CUCUMBER

20—Cucumber (Individuals)—A hill of plants growing ready to set out, that will produce 'pickles' weeks in advance of the usual seed grown. Not prepaid. Doz., 75c; 100, $4.00.

ONIONS

30—Onion—Big plants ready to set out and will produce a more tender green onion and earlier than from sets. Will mature big bulbs a month earlier than from seed. Plants much cheaper than sets and more reliable than seed sown. Prepaid, 100 plants, 35c; 1000 plants, $2.50.

LEEK

26—Leek—A close relation to the onion family. Mild and pleasing flavor. Easily grown with plants. Postpaid. 100, $1.35; 500, $5.00.

CHIVES

18—Chives (Schneitlach)—An onion-like plant with finely grown leaves. Invaluable for flavoring soups, stews and salads. One setting will last for many years as the roots multiply rapidly. Postpaid, roots, 15c bunch; doz. bunches, $1.25.

OKRA or GUMBO

29—Okra or Gumbo—The young seed pods are used in soups, stews, etc. Set out at tomato season time, easily grown. Prepaid, Doz., 25c; 50, $0.85.

Horse Radish, Chicory, Dill, Water Cress, Leek, Chives, Onion and Okra Plants.
SPOKANE, WASH.

EVERBEARING STRAWBERRIES are the greatest addition to the small fruit family that has ever been introduced. Anyone can appreciate the value of the everbearing when the fruit production has been hastened at least nine months.

Think of picking ripe fruit ninety days from the setting of the plant and continually fruiting until the freezing of the fruit and plant prevents further growth, in the early winter.

Then the following spring the everbearers resume their activities with all varieties of strawberries but differ from the standard varieties in that the everbearers continue fruiting all the summer and fall. Kelly's Everbearing and superb have repeated their continuous fruiting from spring till winter, for four years in succession.

EVERBEARING

Prices of Kelly's Everbearing Strawberry Plants postpaid, doz. $4.00, 25c; 25c, $1.15; 100, $2.50. Not prepaid, 200, $4.50; 300, $6.00; 500, $7.50; 1000, $15.00.

92—SUPERB—The fruit is very large, very firm. We recommend it as the best variety everything considered, as a canning and shipping variety.

92—PROGRESSIVE—A prolific sweet berry. Is not as firm as superb, but a popular berry for the home garden.

91—WARFIELD—A very popular variety.

92—CLARK SEEDLING—It is unsurpassed as a shipping variety.

95—CHESEEPEAKE—An old reliable variety.

96—NICK OHNAR—Especially noted for its fine flavor.

85—NEW OREGON—A new variety, originating in the state which bears its name.

86—GOLD DOLLAR—The earliest good variety.

87—GLEN MARY—A bright handsome standard sort, grows the country over.

89—MARTHA—A well known popular berry.

90—WM. BELT—Nothing better for quality. Prices are as low as is consistent with good stock, fresh dug and properly packed. Kelly's Plants are wonderfully productive.

RASPBERRIES

263—RASPBERRIES (Cuthbert) — The very best market and home variety. 2 year old plants. Postpaid, each, 35c; 10 .......................... $3.00

264—EVERBEARING RASPBERRY (St. Regis) — This is the best variety, particularly for home use, as it is in almost continuous bearing. Postpaid, each, 40c; 10 .......................... $3.25

390—RASPBERRY (Cumberland) — The best black cap. Postpaid, each, 35c; 10 .......................... $2.00

BLACKBERRIES

205—BACKBERRIES (Morsereau) — We consider this the very best. 2 year old plants. Postpaid, each, 55c; 10 .......................... $3.00

GOOSEBERRIES

269—GOOSEBERRIES (Champion) — The best standard variety. 2 year old plants. Postpaid, each, 40c; 10 .......................... $3.50

LOGANBERRIES

260—LOGANBERRY—This fruit partakes of the blackberry in shape and form and has the flavor of the blackberry and raspberry combined. 2 year old plants. Postpaid, each, 25c; 10 .......................... $3.00

DEWBERRIES

267—DEWBERRIER (Lucretia) — Best variety for the Northwest. 2 year old plants. Postpaid, each, 25c; 10 .......................... $2.25

CURRANTS

268—CURRANTS (Perfection) — The largest and best red currant. 2 year old plants. Postpaid, each, 30c; 10 .......................... $2.50

SMALL FRUIT PLANTS

The culture of small fruit has been very much neglected in our great northwest, consequently small fruit products are scarce and command fancy prices. Their culture and care is not more exacting than other similar products. We grow and propagate our own stock which is dependable.

GRAPE

262—CONCORD—A large black, well known grape. 2 year plants. Postpaid, each 40c; 10 .......................... $3.50

206—GRAPE, NIAGARA—The earliest best red grape. Postpaid, each, 40c; 10 .......................... $3.50

201—GRAPE (Moore's Early)—The earliest best grape for the Island Empire and Rock Mountain section. 2 year old plants. Postpaid, each 40c; 10 .......................... $3.50

267—GRAPE (Thompson's Seedless)—White, small, very sweet, seedless. Fine for drying. Postpaid, each 40c; 10 .......................... $3.50

EVERBLOOMING CANNAS

No flowers will make such an attrac-
tive bed. Rapid in growth, freedom of
bloom and ornamental foliage makes them
desirable for planting in beds, on
lawns or terraces.

King Humbert—A glorious Canna. The
finest we have ever seen. Grows to a
height of about 5 feet. Excellent dark
brown foliage with great heads of orange
scarlet flowers, striped crimson.

Golden Gate—3½ feet. Blooms when
opening are a most pure gold, but soon
change to orange-crimson and apricot, with
deep carmine red at throat. Very strik-
ing.

WINTER’S COLOSSAL—4 feet. The
gorgeous, vivid scarlet blooms produced
all summer long. Blooms retain their
color during the hottest weather.

Crinnem—Chromes yellow. Pretty.

CRINUM BEDDER—Crimson. Beautiful.

AESTHETIC—A vermilion with a gold
gold edge.

VERMONT—A large aly yellow-orange.

NOT PREPAID—All Cannas in 4 and 5
inch pots. Each 35c; doz. $3.00

CRYSTAL PALACE COMPACTA—Very compact, deep blue. Postpaid, doz., 30c; 50c; 50c. $1.00 prepaid. Flats, not prepaid.

POTTED PLANTS
For Frosty and Cold Locations
The positively sure method of success in maturing TOMATOES, EGG PLANT and PEPPERS in the short season localities so common in these northern latitudes is to set KELLY’S INDIVIDUALS. Thousands upon thousands of the KELLY INDIVIDUALS containing these semi-tropical plants are annually doing their duty in maturing their fruit under unfavorable conditions. The whole secret is in the strong thrifty plant, well hardened, growing in a specially prepared soil and the plant and roots are not in the least disturbed when setting takes place. With this form and method, plants that are perishable from frost or inclement weather, can be held and easily protected while growing all the time, until conditions are favorable.

The additional cost of the KELLY INDIVIDUALS is a mere trifle when compared with the positiveness of the resultant crop.

(Description, variety and prices will be found in the classified offerings throughout the catalog.)
DATURA

Large branching plants, producing very large, handsome, double or single, trumpet shaped blossoms of various colors. blossoms are produced throughout the summer months and are excellent for cutting. Plant in full sun and well-drained soil. They make attractive screen plants. They are excellent for those who enjoy the unusual. They are also very fragrant. Pkt., 10c.

DELPHINIUM (Larkspur)

Quick growing, very free flowering annual, producing erect spikes of beautiful flowers of various colors. Grow them in full sun in rich, well-drained soil. They are excellent for cutting. Pkt., 10c.

DINANTHUS OR GARDEN PINK

A magnificent genus of plants, mostly annuals and perennials, some of the most popular flowers in cultivation, producing a great variety of brilliant colors and profusion of bloom. The Chinese and Japanese varieties bloom the first year, and some hardy annuals; height, 1 foot. The hardy perennial varieties are very fragrant and of easy culture for the garden or greenhouse.

Many of the flowers have fringed edges. The coloring of all is beautiful, varied and unique. Pinks are favorites for everybody; they will thrive almost everywhere, and the bloom will last a long time.

ROYAL PINKS—These very large, single flowers are of exquisite fragrance. The petals are cut and fringed in splendid shades from blood-red to carmine pink, even white. Plants dwarf and very free flowering. Pkt., 10c; oz., $1.00.

SINGLE MIXED—A splendid mixture of single flowers of the best shades and beautifully marked. Plants dwarf; very free flowering. Pkt., 10c; oz., 85c.

DOUBLE BRILLIANT MAROON—A beautiful variety, easily cultivated; rich, deep red flowers. Pkt., 10c; oz., $1.00.

DOUBLE DARK PURPLE—An attractive and particularly useful color in pinks. The flowers are double, of large size, fine form and are suitable for cutting. Pkt., 10c; oz., $1.00.

DOUBLE DIADEM MIXED (HEDEWIG'S)—Very regular, double and all tints from crimson purple to deep black purple. Pkt., 10c; oz., $1.00.

DOUBLE JAPAN MIXED (CHINENSIS INCINATUS)—The flowers are rich in hue; very double, deep fringed petals. Colors vary from white to rose, lilac, crimson, scarlet, purple, brown and almost black, spotted and striped. Packet, 10c; oz., 85c.

DIANTHUS OR GARDEN PINK

DOUBLE CHINA MIXED (CHINENSIS)—White and dark crimson, also white tipped light purple and shades of red with darker blotches. A mixture of double pinks unsurpassed in variety of brilliant coloring and marking. Pkt., 10c; oz., $1.00.

SHOWDRIFT—Clear white, double and fully as large as the popular Marguerite Carnation; desirable for cutting. Pkt., 10c; oz., $1.00.

DIGITALIS (Foxglove)

Hardy perennial plants, useful as the background of the shrubbery border. They attain a height of 2 to 3 feet. Rich, loamy soil and partial shade suit them best.

FINE MIXED—Pkt., 10c; oz., 85c.

DOLIIOHS (Hyacinth Bean)

A showy annual climber, grows luxuriantly about 10 feet high, branching out well from the bottom, and is clothed with dense foliage; insect proof, and forms excellent screens as well as being exceedingly ornamental. The sweet pea-like blossoms are borne in long, wistaria-like clusters, often a foot in length, which are followed by exceedingly ornamental seed pods. Pkt., 10c; oz., 75c.

ECHEVERIA (Hen and Chickens)

Four inches. The rosette-like plants are largely used in parks and cemeteries for carpet bedding. Seeds are very small. Pkt., 10c.

ESCHSCHOLTZIA (California Poppy)

The state flower of California. A genus of the Poppy family, fully as valuable as the common Poppy for garden ornamentation, as it blooms almost continually through the season. Hardy annuals; height, one foot.

MIXED COLORS—White, yellow and orange. Pkt., 10c; oz., 85c.

EVERLASTINGS

A group of annual plants whose flowers are cut when nearly at full bloom. Will grow in any common garden soil years thereafter. They will thrive in any sunny garden; need good soil.

SPECIAL MIXTURE—A single packet will give in abundance a great variety of the most attractive Everlasting Flowers. Pkt., 10c.

EUPHORBIA (Snow on the Mountain)

Hardy annual, growing about two feet high. Useful in shrubbery borders.

VARIEGATA—Leaves veined and margined with white. Pkt., 10c.

DUSTY MILLER—Silver foliage, delicately cut. Height, 1½ feet. Excellent for vases or edgings of beds. Pkt., 10c.

GAILLARDIA

Desirable bedding plants and excellent for cutting. Flowers are of brilliant and showy color. Pkt., 10c.

GERANIUMS

These popular plants are most easily raised from seed, and if started early will produce flowering plants the first summer. Start in the house and transplant to the garden as soon as the weather is warm. Pkt., 10c.

GILIA

Free-flowering, hardy annuals, one foot to eighteen inches high, with finely cut foliage and clusters of small, delicate flowers, white, blue, lilac and rose color, suitable for beds, rock-work and edging. Sow seed in open ground.

MIXED—Pkt., 10c.

GOURDS (Ornamental)

A climber; quick-growing vines, excellent for covering arbors, walls and walls places. Gourds grow in very curious shapes and are used for house ornaments.

DIPPER—Always useful. Pkt., 10c. NEAT EGG—May be used as such. Pkt., 10c.
Tucker's Blue Ribbon Early White Corn

MR. FARMER: Last year we wrote on this page there was not enough corn grown in the South to make another crop. This statement turned out to be exactly true, and we will say, the conditions are still more critical this year than last, as we do not believe there is enough Corn grown to last until January, the time this book is issued.

NOW MR. FARMER
It is true that you are getting a good price for your Cotton, but the expense of making this crop has been very costly and feed corn is also high. WHEN YOU GET A GOOD PRICE FOR YOUR COTTON YOU HAVE TO PAY EQUALLY IN PROPORTION FOR YOUR FEED STUFF.

WHY NOT GROW YOUR OWN FEED?
And then grow all the Cotton you can, so you will not have to pay out all your profits for feed and also keep yourself out of debt.

THE ONLY SALVATION NOW
To grow early crops, plant Early Corn and you will harvest a crop by July 4th and this will give you feed for your stock until another crop comes in. You can plant the same ground back in another crop and grow two crops on the same land.

TUCKER'S BLUE RIBBON EARLY WHITE AND YELLOW "THE BEST"
This Corn needs no introduction. It has been planted by thousands of farmers for the past twelve years and it has given universal satisfaction. We know it is the best early corn, our customers who have planted it know it is the best. The two ears illustrated on this page will give you an idea of the type Corn it is. It will average two good ears to the stalk and will mature from 85 to 90 days from date of planting. Quart, 30c; 4 quarts, 75c; peck, $1.35, prepaid. Not prepaid, peck, 85c; bushel, $3.00.

Tucker's Blue Ribbon Early Yellow Corn
Plants in FLATS A Sure Crop

FLATS or shallow boxes, containing about sixty growing plants, is the most positive way of securing a 100% stand and a maximum crop, excepting only our POTTED INDIVIDUALS. If for any reason, you do not wish to set them out upon arrival, they may be kept for weeks, growing steadily. The plants are spaced evenly so that you may cut a 1x2x3 inch cube of soil, with each plant, preventing wilting or setback.

Hundreds of our customers prefer KELLY PLANTS in FLATS for they are sure of a crop of vegetables and flowers. We can supply FLATS of TOMATO, CABBAGE, KALE, PEPPERS, CELERY, CAULIFLOWER, EGG PLANT, PANSY, CARNATION, KOCHIA, ASTERS, SALVIA, etc. Note—For your choice in variety refer to classified plants throughout the catalog.

FLATS each $1.25 not prepaid. Sent safely by express or parcel post. Shipping wt. about 30 lbs.
